

Notice of New Group Company

We hope that you are in good health and spirits during this rainy season.

We are pleased to announce the addition of a new ASA Group company.

As an effort to digitally transform our accounting and fund administration services, ASA Group has implemented the SDG (Smart Data Guideway) plan since 2022.

On June 18, 2024, our firm established a joint business venture with PEREGRINE CONSULTING K.K. (below “PEREGRINE”) to further accelerate digital transformation.

With representative director Miyuki Tani (former Morgan Stanley Capital K.K.) at the helm who agreed with our vision, PEREGRINE holds a domestic license of a digital platform that supports real estate investments from acquisition to time of sale. A new service will be provided by combining the capabilities of this system with ASA Group’s vast experience in fund administration services.

Our group’s singular focus is to improve on our delivery of services to you.

We truly appreciate your continued support and business.

This brief memo in writing serves as the official announcement.

Although we appreciate the gesture, we are declining any gifts or flowers. Thank you.
